

Carlton Hill, London

Client: The Cooper Group
Contractor: N/A
Project Manager: N/A
Structural Engineer: N/A
Quantity Surveyor: N/A

The main staircase and frameless glazed kitchen/dining room were major features of the project, located in the St Johns Wood conservation area. Modern themes within the existing building were used to create dynamic space with zones of uniquely defined character.

Working for a developer of select residential property, DLG have completed an unusual project in St Johns Wood, London. Although located in a conservation area, the opportunity was taken to develop modern themes within the existing building creating a dynamic space with zones of uniquely defined character. The main staircase and frameless glazed kitchen/diner were major features of the completed project.
